### 1.0 STATEMENT OF MAINTENANCE CAPABILITY LIST

All of the items listed in the maintenance capability list shall not exceed the approved item scope in the CAAC certificate. ACSS will ensure that the facilities, tools and equipment, airworthiness data, and personnel are provided for carrying out the maintenance work listed in the maintenance capability list and that the developed working procedures conform with the requirements of CCAR-145-R2 at all times. Any change or update of the maintenance capability list shall be submitted to CAAC for approval.
